

## **RABBI GERSON HADAS GUARDIAN SOCIETY FOR JEWISH CHILDREN**

Young people who participate in Jewish camping and Israel experiences are more likely to be engaged in Jewish life when they become adults. Anyone who has been part of these programs knows how they change lives forever. Working with local congregations, The Guardian Society has helped more than 1,000 students attend Jewish summer enrichment programs. Young adults are given the opportunity to experience Judaism in an intensive environment.

In the words of one student, “The Guardian Society allowed me to partake in a journey that will forever be ingrained in my heart; I learned lessons that can only be taught through experience.”

You can make dreams come true with a contribution to the Rabbi Gerson Hadas Guardian Society for Jewish Children.
