

SMARTER GIVING

Q2 2020

IMPACT

Jewish Community Foundation fundholders are among our community's most generous and caring givers. In addition to supporting the local Jewish organizations that make our community so special, every year they use their funds to donate to thousands of organizations in KC and across the country that are doing important and meaningful work. In the second quarter of 2020 alone, JCF fundholders granted **\$7.7 million** to **450** nonprofits (see pages 2 & 3 for the complete list). Below are a few recent grant recipients that you may like to learn more about; to see a new featured grant recipient weekly, please follow us on Facebook at [Facebook.com/jcfkc](https://www.facebook.com/jcfkc).

Urban League of Greater Kansas City enables African Americans and other disadvantaged persons to secure economic self-reliance, parity, power and civil rights. They accomplish this by: ensuring that youth are well-educated and equipped for economic self-reliance; helping adults attain economic self-sufficiency through jobs, entrepreneurship, and wealth creation; assisting in ensuring access to quality affordable healthcare for all; securing civil rights by removing barriers to equal participation in the economic and social mainstream; and, advocating and educating on social justice and reform. Adopt-A-Native-Elder creates a bridge of hope between Native Americans and other cultures, reaching out to one another to mend the broken circle of our relationship with the land and the Native Americans who hold it in sacred trust. ANE offers opportunities to “adopt” elders and help provide for their basic needs. Donors can help ANE by becoming a food certificate sponsor, providing vital firewood, delivering supplies, facilitating markets where elders may sell handmade rugs, and supporting families that need help with traditional healing ceremonies. American Public Square is a nonpartisan nonprofit that seeks to change the tone and quality of public discourse. They organize programs that feature expert panelists and audience members with opposing views talking to each other, civilly, about controversial topics. Though these discussions may not always change minds, everyone walks away with a better understanding of the other side, a key step toward respect, compromise, and resolution.
