

Q3 2017

SMARTER GIVING

IMPACT

Natural Disaster Relief

Thank you to the generous members of our Foundation Family who are making a real impact on the communities that need help most. After Hurricanes Harvey, Irma and Maria devastated areas of the United States, the Caribbean and Puerto Rico, and multiple earthquakes damaged parts of Mexico, Foundation fundholders rose to the call for relief.

\$181,231

Has been donated to natural disaster relief efforts from JCF Donor Advised Funds, Supporting Foundations and B'nai Tzedek Funds since August 2017.

More than **100** grants were made to **21** different organizations

“Like all Americans we have been horrified and saddened by the human misery caused by so many recent natural disasters in our country. Our Donor Advised Fund at the Foundation made it easy to provide immediate financial support to an agency helping those in Puerto Rico, a new charity for us, so our fellow Americans could receive much-needed lifesaving help as quickly as possible.”

– Martha Gershun & Don Goldman

B'nai Tzedek Youth Council members meet once a month to learn about philanthropic needs and engage their peers. Here, Haidee Clauer and Sarah Unterhalter reach out to fellow B'nai Tzedek fundholders to encourage them to use their funds to help victims of natural disasters.
